SUMMARY

Solution-driven Full stack Mobile application developer adept at contributing to a highly collaborative work environment, finding solutions and determining customer satisfaction. Proven experience developing consumer-focused mobile apps like Mobicure, Derwent and Connect, with 5+ years of experience.

EDUCATION

Dayananda Sagar College of Engineering Bengaluru, India	Bachelor of Engineering (Electrical & Electronics) " 8.5 CGPA June 2016 - May 2019
---	---

EXPERIENCE

Publicis Sapient <i>Senior Developer Mobile Solutions</i>	Hyderabad, India June 2024 - Present
---	---

Dollar Tree / Family Dollar (E-Commerce)

Senior Mobile Developer - React Native

- " Led the end-to-end development of Product Details Page (PDP) and Product Listing Page (PLP) in React Native, improving overall shopping experience and customer engagement.
- " Designed and implemented a responsive and scalable UI architecture ensuring consistent multi-device behavior.
- " Built advanced server-driven product filtering and selection capabilities to enhance product discovery.
- " Optimized rendering and state management to improve responsiveness across large product catalogs.
- " Collaborated closely with product, design, and backend teams to deliver high-quality customer experiences.
- " Improved component reusability and maintainability by introducing modular UI patterns.
- " Enhanced application performance contributing to a 12% increase in sales following the new UI rollout.
- " Participated in release planning, code reviews, testing strategy, and production support for stable delivery.

Abu Dhabi Commercial Bank (FSI)

Senior Mobile Developer - React Native / Tamagui

- " Developed and delivered multiple payment journeys: Domestic Transfer, WPS, and VAT/Pension Transfer modules.
- " Architected and implemented a shared UI and business logic layer for Web & Mobile using React Native + Tamagui.
- " Built scalable, reusable payment components supporting multiple transfer types and configurable workflows.
- " Implemented Approval Workflow functionality enabling multi-stage transaction authorization.
- " Developed Standing Instructions / Recurring Payments capability allowing users to automate scheduled transfers.
- " Optimized transaction flows and improved usability through performance enhancements and streamlined forms.
- " Contributed to business growth, helping achieve a 22% increase in Domestic Transfer adoption and usage.

Mashreq Bank (FSI) (Current Project)

Senior Mobile Developer - React Native

- " Leading development of Internal Fund Transfer journeys with focus on secure, high-performance transactions.
- " Building and enhancing a Beneficiary Management System (creation, validation, management & integration).
- " Developing Liquidity Management capabilities for Sweeps and Pools, enabling efficient fund movements.
- " Designing reusable, scalable mobile components and shared business logic across financial modules.
- " Collaborating with backend and architecture teams to integrate secure APIs and improve reliability.
- " Driving performance optimization, state management improvements, and responsive UI for enterprise banking.
- " Participating in technical design discussions, code reviews, and engineering best practices.

Accellor

Software Engineer 2

Hyderabad, India
April 2021 - June 2024

Mobicure - Patient and Doctor Consultant Application

- " Collaborated with designers to deliver 15+ responsive mobile screens, reducing turnaround by 20%.
- " Integrated Azure Calling Services to enable secure doctor-patient video consultations (1,000+ monthly calls).
- " Built a responsive home screen optimized across Android/iOS, reducing rendering time by ~25%.
- " Integrated real-time chat functionality using Gifted Chat for seamless doctor-patient communication.
- " Developed an in-app prescription PDF viewer, eliminating external dependencies for 100% of records.
- " Developed and maintained 20+ REST and GraphQL endpoints using NestJS, TypeORM and PostgreSQL.
- " Designed GraphQL APIs using NestJS, reducing data over-fetching and improving API efficiency by ~30%.
- " Designed microservices architecture that reduced inter-module dependency and improved response time by 35%.

Derwent London - Meeting Room Booking Application

- " Developed guest booking workflows for meeting rooms across multiple corporate office locations.
- " Implemented high-performance Reanimated-based UI interactions, maintaining consistent 60 FPS animations.
- " Built Events module enabling employees to discover workplace activities and register seamlessly.
- " Developed 25+ reusable UI components, reducing duplicate code by ~35% and accelerating feature delivery.
- " Upgraded React Native and supporting libraries across multiple releases with zero production regressions.
- " Developed interactive office space views allowing employees to browse building facilities & workspaces.
- " Implemented dynamic deep linking, reducing navigation steps by 50% and boosting user onboarding.

ANKITH MAHINDRAKAR - TECHNICAL SKILLS & CERTIFICATIONS

TECHNICAL SKILLS MATRIX

- Mobile & Core:** React Native, React.js, JavaScript (ES6+), TypeScript, Expo, iOS, Android, Xcode, Android Studio
- State & Architecture:** Redux, Redux Toolkit, React Query, Context API, Mobile Architecture, Performance Optimization
- Backend & APIs:** NestJS, GraphQL, REST API, TypeORM, PostgreSQL, Firebase, Microservices Architecture
- UI & Animations:** Tamagui, React Native Reanimated 3, Gesture Handler, Tailwind CSS, Three.js, Accessibility
- Testing & DevOps:** Jest, React Native Testing Library, Agile / Scrum, CI/CD, Git, Native Modules Integration
-

PROFESSIONAL CERTIFICATIONS

- " **Microsoft Azure AI-900**
Issued by Microsoft Corporation
 - " **Generative AI by Microsoft and LinkedIn**
Issued by Microsoft & LinkedIn Learning
 - " **Microsoft Azure DP-200 (Implementing an Azure Data Solution)**
Issued by Microsoft Corporation
-

LANGUAGES

- English (Fluent), Hindi (Fluent), Kannada (Native), Telugu (Conversational), Marathi (Conversational)
-

PERSONAL INTERESTS & HIGHLIGHTS

- " Numismatics: Curator of a private international coin archive featuring coins from 26+ countries since age 12.
- " 3D WebGL & Creative Tech: Experimentation with Three.js, React Three Fiber, and interactive web experiences.
- " Tech Mentorship: Passionate about sharing mobile architecture best practices, tech talks, and clean UI.
